About Sanmed

Company History and Profile

Sanmed was established in 2011 based out of Hyderabad. Sanmed is an Indo-European collaboration company focussing exclusively on hygiene and infection control. Our current range of products viz. Hand rubs, Hand scrubs, Surface disinfectants, Instrument cleaners & disinfectants, Hospital concentrates and Antiseptic solutions enable hospitals, institutions, diagnostic laboratories and pharmaceutical companies to achieve absolute hygiene compliance and control infections.

Vision

To protect personnel, patients and products throughout the world against infection and contamination and become a global partner in infection control and patient safety.

Mission

Our mission is to offer wide range of high quality antiseptic and disinfectant products at a competitive price globally. We believe in adding value to our stakeholders through dissemination of knowledge, innovation and continuous improvement.

Manufacturing Plant

- ❖ Our manufacturing facility is world-class and first of its kind in India for Antiseptic and Disinfectant range of products.
- ❖ The facility has been built with ample forethought and has a provision for future expansions.
- ❖ Our certifications include WHO GMP, GLP, ISO 13485:2016 and ISO 9001:2015.
- ❖ Our dedicated team coupled with state-of-the-art infrastructure facilities ensures timely delivery of high quality products throughout the world.
- ❖ We believe that environment is vital for our well-being and every element should be protected. Hence, we practice the following environmental conservation techniques for our manufacturing and maintenance needs:
 - i) Rainwater harvesting
 - ii) Relying more on renewable energy resources
 - iii) Using biodegradable chemicals wherever possible
 - iv) Energy efficient lighting
 - v) Recycling water
